  - a) Very rarely (Other, please specify)
    - b) Rarely (Annually)
    - c) Occasionally (Every 4-6 months)
- 4. What is the average amount of remittance received per year?
  - a) Very low (Below NPR 50,000)
  - b) Low (NPR 50,000 100,000)
  - c) Moderate (NPR 100,000 200,000)

- d) 41-50
- e) Above 50
- b) Female
- d) Bachelor's degree
- e) Master's degree or above
- c) 5-6 members
- d) More than 6 members
- d) Labor
- e) Other (please specify)
- c) Sibling (brother or sister)
- d) Other relative
- d) USA/Canada
- e) Europe
- f) Other (please specify)
- d) Frequently (Every 2-3 months)
- e) Very frequently (Monthly)
- d) High (NPR 200,000 300,000)
- e) Very high (Above NPR 300,000)

## **Section C: Household Expenditure**

| Statements  | Very little<br>(Less than<br>25%) | Little (25-50%) | Moderate (51-75%) | High (More than 75%) | Very high<br>(More than<br>75%) |
|---|-----------------------------------|-----------------|-------------------|----------------------|---------------------------------|
| How much of the remittance is spent on basic needs (food, clothing, shelter)?                                 |                                   |                 |                   |                      |                                 |
| How much of the remittance is spent on education?   |                                   |                 |                   |                      |                                 |
| How much of the remittance is spent on healthcare?  |                                   |                 |                   |                      |                                 |
| How much of the remittance is saved?  |                                   |                 |                   |                      |                                 |
| How much of the remittance is invested?   |                                   |                 |                   |                      |                                 |
| How much of the remittance is used for debt repayment?  |                                   |                 |                   |                      |                                 |
| How much of the remittance is used for social and cultural expenditures (weddings, festivals)?                |                                   |                 |                   |                      |                                 |
| How much has your expenditure on health, education, and food increased before and after receiving remittance? |                                   |                 |                   |                      |                                 |

## Section D: Impact on Household Economy

| Statements                              | Strongly<br>Disagree    | Disagree  | Neutral      | Agree            | Strongly<br>Agree  |
|---|-------------------------|-----------|--------------|------------------|--------------------|
|   | Decreased significantly | Decreased | No<br>change | Yes,<br>somewhat | Yes, significantly |
| Has the remittance improved your living |                         |           |              |                  |                    |
| standards?                              |                         |           |              |                  |                    |
| Has the remittance helped in            |                         |           |              |                  |                    |
| increasing your savings?                |                         |           |              |                  |                    |
| Has the remittance                      |                         |           |              |                  |                    |
| improved your ability to                |                         |           |              |                  |                    |
| afford education for family             |                         |           |              |                  |                    |
| members?                                |                         |           |              |                  |                    |
| Has the remittance                      |                         |           |              |                  |                    |
| improved your access to                 |                         |           |              |                  |                    |
| healthcare?                             |                         |           |              |                  |                    |
| Has the remittance                      |                         |           |              |                  |                    |
| contributed to better                   |                         |           |              |                  |                    |
| housing conditions?                     |                         |           |              |                  |                    |
| Overall, how satisfied are              |                         |           |              |                  |                    |
| you with the impact of                  |                         |           |              |                  |                    |
| remittance on your                      |                         |           |              |                  |                    |
| household economy?                      |                         |           |              |                  |                    |

## Thank you!
